Jaysee Student Budget Suffers Ten Per Cent Cut

Legion Hall To Be Scene Of Soph-Frosh Prom

First Big Social Function Of Year Is Tomorrow Night

Plaza-city Rythm Rogues To Provide Music For Evening

By George Bronner

Santa Ana's junior collegians will participate in their first major dance of the year tomorrow night when the annual sophomore-freshman prom will be launched at the local American Legion hall, Third and Birch streets, at 9 p. m.

Tuneful musical selections will be heard from the Rhythm Rogues danceband from Orange, while entertainment, prizes, refreshments and all will join forces in making the affair an outstanding event on the social calendar. An all-wave radio originally presented to the school by Los Gauchos, will be given to the holder of the lucky raffle ticket, which are being sold for ten cents a chance.

Debaters Complete Plans For Year

Participation in the Eastern Junior College conference and also the Pi Delta Kappa tournament in March of next year are being planned by Robert S. Farrar, debating instructor, it was disclosed today.

The conference debate schedule is composed of two rounds. One held each semester. The first start sometime in November. Last year's debate team under Coach John H. McCoy, won the championship without losing a debate. Mr. Farrar plans to send another team of debaters to the College of the Pacific at Stockton for the Pi Delta Kappa tournament.

"We must not forget that just because we have a debating class, it is really an all school activity and is open to all freshmen and sophomores. As soon as we get our questions I will be glad to have anyone not in debating get in touch with me," stated Mr. Farrar.

Local Dean of Men Predicts European War in Two Years

That war will be waged between European nations within two years was the prediction made here for the second time within a week by Calvin C. Flint, dean of men. A full account of Mr. Flint's speech before a local service club as printed in the Santa Ana Register, follows:

Calvin Flint, dean of men at Santa Ana Junior college, who spoke last week before the Santa Ana Kiwanis club on the European situation, returned to the club today to elaborate the statements made last week. He outlined reasons for his prediction of a general European war in two years, and outlined the background and possi-

El Don To Start New Cartoon Series Today

Attention is called today to the new series of "Campus Camera" cartoons which El Don will publish throughout the 1935-36 college year.

It is believed that the various subjects to be pictured in these cartoons will prove more interesting to El Don readers than did those of last year.

An attempt has been made to provide more local interest in all cartoons. This theme will be followed throughout the year.

Drama Classes Will Present Three Plays Soon

Three one-act plays have been selected and casted in the drama department to be given for student assemblies soon. Ernest Crozier Phillips, drama instructor, disclosed today.

The plays will be directed by advanced drama students enrolled in the play directing course. First year students are casted in the plays.

The first of the one-acts, "Poor Old Jim" is directed by Kenneth Stowell who will also take the leading part of "Jim." Other members of the cast are Marie, Bernice Beckman and Paul, Lawrence Nowlan.

The last play, "Clipped," is directed by Joe Yocam. The cast: Dr. Bert Holbrook, Joe Wilson; Lois, Margaret Hess; Uncle Horace, Billy Backman; and Clara, Rosemary Flippin.

W. A. A. Positions Filled This Week

Helena Bailey and Lois Marie Franke were elected vice-president and treasurer of the Women's Athletic association at an election held by the organization this week.

The newly elected officers replace the Misses Marjorie Lauderbach, and Frances Tibbets, who were elected last year but failed to return to the college this semester.

Local Soph Class Prexy Will Head Agenda Committee

Santa Monica Scene Of Southern Cal. Meet This Semester

According to information released by authorities late today, John Rabe, sophomore class president, has been chosen to head the next meeting of the Southern California Junior College Student Officer's convention, to be held in Santa Monica, Jan. 18, 1936.

At the nomination of Bill Hay, Fullerton Associated Student prexy, Rabe was named as chairman of the Agenda committee that will compile the question list to be used at the next session. The Santa Ana jaysee student named as his co-workers on the committee, Dorothy Dittrick, A. W. S. prexy from Santa Monica, and Gordon Howard, A. S. head from San Bernardino.

Ricciardi Heads Confab

Under the direction of Dr. Nicholas V. Ricciardi, president of San Bernardino Valley junior college, Associated Student officers from more than one dozen Southern California junior colleges gathered in Fullerton last Saturday to discuss questions of vital importance to their respective schools. Dr Ricciardi headed the meeting last semester and will be in Santa Monica if another group forms this semester.

It was at the suggestion of the Santa Ana delegation that this semester's group decided to hold another meeting before next term. It was argued that more progress could be made if the same personnel were present at another meeting. The plan was approved by Dr. Ricciardi and will be presented at an instructor's meeting tomorrow by D. K. Hammond, local director.

Delegates from Santa Ana for the group discussion Saturday were Louise Sexton, Charles Roemer, Walt Bandick, and John Rabe.

A. W. S. President

Dorothy Dittrick, of Santa Monica junior college, who is in charge of the A. W. S. convention.

Economic Pressure Reason for Drastic Expenditures Cut

Surplus Will Be Given Over To Cafeteria Deficit Fund

Economic pressure has made necessary a straight 10 per cent cut in the Associated Student's budget this year with no appropriations being made for drama, music or baseball, Charles McWaters, student body treasurer announced here today.

The combined appropriations total \$5465.95, McWaters said. The estimated income figure for the year from such sources as athletic functions and student ticket sales is \$5723.50, which means that if present plans materialize, an excess of \$250 will be applied to a jaysee cafeteria deficit incurred last year. Receipts from the sophomore-freshman prom radio ticket sales will also be added to the deficit fund, it was pointed out.

Following is an itemized list of (Continued on page 2)

Large Increase Is Shown In Total Enrollment

With the addition of 35 students registering during the past two weeks, registration totals are now at 716 as compared with 643 at the same time last year, according to Miss Mabel G. Whiting, registrar.

Included in the list are two students from outside California, making a total of 84 students from 23 other states. The states represented are Arkansas, Arizona, Colorado, Idaho, Illinois, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Mexico, New York, North Dakota, Oklahoma, Oregon, Texas, Utah, Washington, West Virginia, Wisconsin, Wyoming.

Ruth Warner Elected Tattler Prexy

Ruth Warner was elected president of the Tavern Tattlers at the club's first meeting.

Other officers elected were Edward Robinson, vice-president, and Ruth Kilbourne, secretary-treasurer.

Phi Theta Kappa Initiates Ten

Ten college students were initiated into the Alpha Beta chapter of Phi Theta Kappa, national junior college honorary society.

The Santa Ana chapter was the first to be established in California. Phi Theta Kappa is the junior division of Phi Beta Kappa, university honorary fraternity.

New members initiated were Joseph Langland, Spring Grove, Minn.; Max Mandell, Artesia, Calif.; Esther Thomas, Orange; and Martha McBurney, Roland Pickhardt, Thomas Potter, John Ramirez, Mary Wallace, Frances Was, and Edna Wilson, Santa Ana.

Old members of the fraternity are Peggy Applegate and Robert Applegate, Superior, Wyo.; Alice Compton, Orange; Allan Mackay, Anaheim; and Dick Gilliland, John Golden, Helen Martin, and Louise Sexton, Santa Ana.

Edison's Career Recalled Today by El Don Reporter

By Vic Rowland

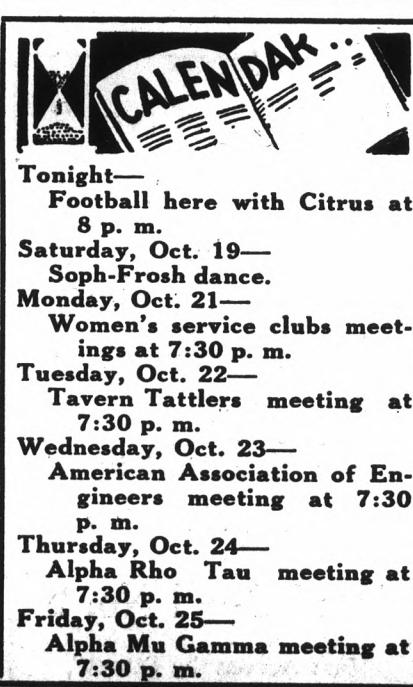

On Oct. 18, 1931—Just four years ago today—death quietly took the life of a much loved man, one of the most universally recognized inventors and a true benefactor of mankind, Thomas Alva Edison.

"The Grand Old Man" as he was called in later years, was born in the little village of Milan, Ohio, Feb. 11, 1847.

As a boy, he enjoyed reading "Ivanhoe," "Robinson Crusoe," and "David Copperfield," and later, Victor Hugo's "Hunchback of Notre Dame" and "Les Misérables."

Started as Newsboy Edison's colorful career started at the age of 12 when he became a railroad newsboy. Shortly after he became a news merchant and still later, during the Civil war, he became publisher and editor of the Detroit Weekly Herald, which was the world's first traveling newspaper.

(Continued on page 6)

"With one aim—to serve student and college."

The official publication of the Associated Students of Santa Ana Junior College, Santa Ana, California. Published weekly during the school year while school is in session, except the weeks of quarterly and semester examinations, and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.

Published in the school print shop on the campus and edited by the journalism class of the college.

DONS, CITRUS TO CLASH IN LOCAL GRID TILT

Lookin' 'Em Over

By Johnny Henry

Berdoans Sport Silkies
The Indians from San Berdo caused many a feminine heart to flutter when they appeared in their new uniforms at their tilt with Citrus last week. They consist of white jerseys with numbers on the back only, and a mixture of blue and crimson pants. The center, guards, tackles, and halfbacks wear crimson pants, while the ends and the fullback wear navy blue, with the quarter bedecked in a pair that are crimson in the front and navy blue in back.

However, Coach Doug Smythe probably had something in mind beside the hearts of the weaker sex when he chose the combinations. Take a white ball at night and place it against a white background and what have you? You have, my fine feathered friends, a perfect deception. And when friend quarterback turns on a spinner play we have a different colored uniform which should give the opposition a lot of trouble. This may or may not be "bush league" stuff, but we call it pretty small potatoes.

Bill Hargiss, mentor for the Oklahoma University team a couple years back, pulled a fast one on the boys of the Big Six conference which almost gave him the championship. Hargiss outfitted his Sooners with short semi-knee length pants and sleeveless light weight jerseys. He supplied pads that could be attached to a player's legs and arms without sacrificing freedom of movement. The team, wearing this much lighter equipment, tore through the Big Six conference like a house afire, despite the fact that it looked like a troupe of Boy Scouts.

When Officials Dempsey, Burke, and Daniels called the second Riverside touchdown last week, it was not because they were ignorant of the rule covering the situation, but because of a mistaken interpretation of what actually happened. Referee Dempsey, looking from behind the Riverside team, thought the ball bounded off two men instead of a man and the goal post as could be easily distinguished from the side, so he called it a touchdown instead of a safety as it actually should have been.

Cryin' Towels For Cook

Harold Youel will be back in suit tonight and his presence will be greatly appreciated by all Don backers—however, Coach Bill Cook still needs a supply of crying towels with Spray, Bolton, Greshner, and Hendrie on the injury list.

Japan will have an opportunity to see American football this autumn. A squad of 34 former college players, from Tulsa university, the University of Chicago and various Pacific Coast schools will play a series of ten games in seven Japanese cities.

NELSON ROGERS

Acting as captain against Riverside last Friday night, "Nellie", lived up to all his prestige of being one of the most dependable players on the squad. A scrappy, vicious tackle is Rogers who scales 185 pounds. He is a last year's letterman and leads the pack in that old stuff called fight. Tustin is his alma mater where he starred in many games. He trains hard and would as soon rest his head on a football as a pillow in taking his nightly shut-eye.

CHARLES ROEMER

A most willing and valuable player is "Chuck", who not only wields a wicked gavel for the student body, but knows his football from one position to the other. He is one of six returning lettermen and adequately fills in as a center, guard or tackle, with lots of fire and fight that makes him rate high on the club roster.

Six Conference Basketball Games On Tap For Dons

Santa Ana will play six league basketball games, according to the official schedule announced today by Alan Mackay, commissioner of men's athletics.

The league schedule is as follows: Jan. 11—Citrus at Santa Ana. Jan. 18—Santa Ana at Riverside. Jan. 25—Santa Ana at Fullerton. Feb. 1—Chaffey at Santa Ana. Feb. 8—Santa Ana at San Bernardino. Feb. 15—Santa Ana bye. Feb. 22—Pomona at Santa Ana.

Late in the second period Santa Ana took possession of the ball in midfield and rushed the ball for four successive first downs. A short flat pass from McCarter to Greschner which followed on the next play resulted in a tally and totalled the points of the Dons to 19. In the third frame the Dons were penalized to their own three yard line and a blocked punt resulted in the first Riverside score. Santa Ana retaliated this surprise by shooting some more passes out and scoring again early in the last field. Riverside started its gamenumber.

Citrus Football Mentor Recalled As Former Padre Athletic Star

By Armand "Jason" Hanson

When the Citrus jaysee football team takes the field tonight, take a look at the stocky, raven-haired, thickset coach, Al Clayes. For Al is an alumnus of Santa Ana junior college and one of the grandest, most versatile athletes that ever represented this institution.

Al went to school here back in '25, when L. L. Beaman was coach of the debating team, John H. McCoy was vice-president of the student body, the school colors were purple and white, and the jaysee athletic teams were known as the "Singing Bulldogs".

Al Clayes was a hard hitting outfielder on the baseball team and a standout guard on a mediocre basketball team. But baseball and basketball were just sidelines with this master of sports ability. He was captain of the football team and the all-around track team star.

Dons Rout Mighty Tiger Team In League Tilt

Davie Don in effigy of a Bengal Lancer.

This dream became a realization last week when brother Bengal was sent home dragging his tail behind him after taking a thorough chastisement to the tune of 26-19 at the hands of Santa Ana's Dons in the opener of the Eastern division football race.

Taking advantage of a blocked Riverside punt on the Bengal 20 yard line, the Dons tallied the first touchdown on an "Alabama" pass from Oliver McCarter to Walt Hickman after only two and one half minutes of play. McCarter's conversion was good, placing the Dons ahead of the Tigers, 7-0.

Riverside received the kickoff and after unsuccessfully trying to rush the ball for a first down, attempted a long pass which was intercepted by Lenhardt at the midfield stripe. Penalties placed the ball midway into the Bengal territory, and it was rushed over the goal in three attempts for the second touchdown of the evening for brother David.

Late in the second period Santa Ana took possession of the ball in midfield and rushed the ball for four successive first downs. A short flat pass from McCarter to Greschner which followed on the next play resulted in a tally and totalled the points of the Dons to 19. In the third frame the Dons were penalized to their own three yard line and a blocked punt resulted in the first Riverside score. Santa Ana retaliated this surprise by shooting some more passes out and scoring again early in the last field. Riverside started its gamenumber.

Charles Roemer, above, guard and Nelson Rogers, tackle.

Memoriam

El Don wishes to submit its most heartfelt sympathies to Frank Ochoa, jaysee grid star, for the loss of his brother through an accident that occurred during a football game last Friday.

Johnny Ochoa was known throughout the Orange empire as a clean, hard fighter and though still in high school, had established himself as of potential championship quality in both football and track.

Some 9,100 miles will be covered by Colgate's football team this season. Colgate now wears the mantle of Notre Dame, in Knute Rockne's time top gridsters.

Upward of 18,000,000 people are playing basketball throughout the United States.

Dons Take Field With Weight Odds But Minus Stars

Youel Returns To Lineup As Ends Missing

Tucked under the wings of the Citrus jaysee Owls are many surprises for the Don football machine as the Birdmen swoop down on Municipal Stadium tonight bringing with them the crossroads for Santa Ana.

It is onward to the title or down in the ranks for the Dons. The assignment calls for midseason play on the part of the Cookmen who will be up against a veteran team, well trained in all departments of play, and boasting a bag full of tricks with an unorthodox style of football. Flashy Jimmy Montgomery, signal barker and speed demon of the Owls, will lead the parade for the Azusans. He proved his worth in formidable fashion against the Trojan freshmen when he was the outstanding ground-gainer of the day. Hailing from El Monte, Montgomery will definitely be "the man to watch", for his leadership steered Citrus to victory over San Bernardino, Cumnock, and the Cal Tech freshmen.

Woes are many on the Don campus as injuries mar the grid roster almost beyond a state of repair. A most recent and serious casualty was Bob Spray who is lost for two weeks as a result of a broken wrist obtained in the Riverside game last week. His position as center and end will be sorely missed, but ably filled by either Charles Roemer, or Les Minder. Bill Greshner, pass snatching end is out with a sprained shoulder, while some consolation may be derived in the fact that Harold Youel, letterman, who was out with a head injury in the Pomona game will return tonight.

Flint Predicts War

(Continued from page 1) territory.

Secondly, he said, Russia is building rapidly to the point where it will be self-sufficient, and will be able to mine and manufacture its own implements, tools and materials from produce mined or otherwise produced in Siberia. Rus-

The last great reason is the Japanese situation. In two years, Flint said, Japan will feel that she has absorbed the territory annexed in 1931, and will be anxious for further expansion, with inevitable results as she endangers Oriental markets and comes into conflict with Russia.

The situation in Ethiopia, he said, is entirely different, and will not lead to a general European war because no nation of sufficient strength will ally herself with Italy against the rest of the world. Only Great Britain, he said, is in danger from the Italian invasion of Ethiopia he outlined as follows: "First, since the World war a tremendous increase in European nationalism has been noted, with an attendant increase in difficulty in maintaining a trade balance between nations, as they resort to tariff warfare. Thus, he said, Italy needs colonies for both import and export, and to procure raw materials from.

Second, he said, Italy feels she was cheated out of her territorial rights in 1919; third, Mussolini has convinced the Italian people that theirs' is the heritage of the Roman Empire and has inculcated dreams of empire in them; forth and perhaps most important, Italy has a tremendously expanding birth rate, and the old law of

Edison's Career Is Recalled Here Today

(Continued from page 1)

The "Wizard of Menlo Park" was either wholly or partially responsible for the automatic telegraph, development of the first typewriters, practical use of the telephone, (with Alexander Graham Bell) the phonograph, electric light, microphone, storage battery, cement and arc lamps.

It was Edison's genius which discovered celluloid roll film, the dictating machine, first electric motor, gasoline motor, magneto, mimeograph, motion picture camera, parafin paper, torpedo, the vote recorder and the X-ray.

The genius believed in a Supreme Intelligence but never subscribed to any orthodox creed.

Social science is "a nation with an increasing population must either expand or explode." Italy, he said, is doing both; into Ethiopia.

When a letter was refused Jim Tolbert, husky University of Texas lineman, because he swung at an official after the game, he was presented with a mounted trophy by his teammates.

Registrar Numbers 146 On**Tentative Graduation List**

A tentative list of 145 students who will graduate from Jaycee next June was revealed this week by Miss Mabel G. Whiting, registrar. The Letters and Science division leads with 83 listed in the division. Commerce comes next with 30, while the Engineers number 20 and 18
